Supplemental Information Disclosure Statement

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Update on Copending U.S. Patent Application Serial No. 10/531,621 for
"Concrete Fillable Formwork Wall"

In Applicants' Information Disclosure Statement of September 12, 2005, Applicants identified Application '621 as also filed by Applicants. Both this application and that Application '621 claim priority from the same Provisional Patent Application 60/419,469.

In the Amendment and Response dated February 5, 2009 for this application, the undersigned brought the status of Application '621 current. Since then, on March 23, 2003, the undersigned received a Notice of Allowance for Application '621 based on the response submitted on December 23, 2008 and an Examiner's Amendment to which the undersigned had agreed orally, earlier in March.

I hereby certify that this paper is being transmitted to the United States Patent and Trademark Office on the date shown below to the EFS-Web in Private PAIR:

March 23, 2009
Date

Signed

John H. Hornickel
John H. Hornickel, Reg. No. 29,393

The Notice of Allowance also included a form PTO-892 listing four references cited for Application '621, one of which was of record in this application. The undersigned submits a Supplemental IDS for the other three herewith.

Conclusion

Applicants request a Notice of Allowance for Claims 1, 6, and 8. Because this is a Request for Continued Examination under non-final rejection, it is hoped that the Office will contact the undersigned if there are any matters preventing the mailing of a Notice of Allowance.

Respectfully submitted by:

John H. Hornickel
